Selected Projects

analmosh, *Collaboration with Matt Romein*

A generative audiovisual installation for a 3-sided projection stage, incorporating optical flow, feedback chains, and glitch techniques to create colorful, dynamic imagery in real time.

- Exhibited at the 2019 Sundance Film Festival's New Frontier program.

Sigils

An audiovisual performance built around a web-based sound sampler & drawing tool.

- Performed in the NIME group show at the Paper Box, Brooklyn, NY (2018).
- Performed in the Drawing on Everything group show at the Museum of the Moving Image, Queens, NY (2018).
- Exhibited as a collaborative instrument at the ITP Winter Show 2018.

Read To Me, *Collaboration with Maxwell Neely-Cohen*

An experimental poetry reading environment that responded to spoken words with live visuals via Google's Speech-to-Text API and Max/MSP.

- Developed as part of Neely-Cohen's 2018 CultureHub residency.
